

support for the bracketing motion.

SPEAKER NICHOL: Did you wish to close, Senator Vickers?

SENATOR VICKERS: Only to point out that I think that this is an area that really this body ought to be serious about in looking at protection of our employees across this state that may be exposed to hazardous waste. I may also point out that over the short period of time, since General File to Select File, that it has come to my attention that there has been some instances involving some of the railroads across this state and some of the emergency personnel attempting to get information as far as hazardous materials are concerned. So the issue is a viable issue. I invite anybody that is interested to work with us over the interim, and hopefully by next January we will be able to deal with this subject and LB 457 will be at the appropriate place to deal with it. So with that, I would ask to bracket LB 457 until January of '86.

SPEAKER NICHOL: The question is, shall LB 457 be bracketed? All those in favor vote aye, opposed nay. Have you all voted on the bracketing motion? Record, Mr. Clerk, please.

CLERK: 29 ayes, 0 nays on Senator Vickers' motion to bracket the bill, Mr. President.

SPEAKER NICHOL: The bill is bracketed. Just a moment. Senator Beutler, are you here? We'll pass over LB 518 to LB 154, please.

CLERK: Mr. President, on 154 I have E & R amendments, Senator.

SENATOR HALL: Mr. President, I would move the E & R amendments be adopted.

SPEAKER NICHOL: You've heard the motion. All in favor say aye. Opposed nay. They are adopted.

CLERK: Mr. President, Senator DeCamp would move to amend the bill. Senator, your first amendment is on page 1970 of the Journal.

SPEAKER NICHOL: Senator DeCamp.
